

## HOLES AT THE SCENE OF THIS WEEK'S INTER-VARSITY MATCH.

4. "THE ALPS"—THE SHORT 11TH, WHICH HAS BEEN GREATLY IMPROVED: THE GREEN IS NOW OF THE PLATEAU TYPE. THE TEE TO THE 12TH, WHICH HAS BEEN PUT A LONG WAY FORWARD, CAN BE SEEN ON THE RIGHT.

5. NEW HAZARDS ON THE SHORT 7TH—OR "DOWIE": FORMERLY A BEAUTIFULLY NATURAL HOLE, FREE OF BUNKERS, BUT NOW PEPPERED WITH POTS.

undergone a complete change, while the "Royal" 17th has been provided with an entirely new green. The outstanding characteristics of the old course were severe cross-bunkers, now partly abolished, and remarkably large greens; many of these greens have now been made smaller by the construction of new hazards on their edges. While the changes may be both excellent and ingenious there will doubtless be some regrets at the loss of long familiar characteristics of the course.
