Weather Forecast

A DEEP depression off the north-west of Ireland is moving north-eastwards. The weather will be generally unsettled, with some rain in all districts. In western districts heavy falls are probable. In South-east and East of England falls will be slight to moderate. Thunder, may occur to-morrow.

Weather Forecast

London, S.E. East England
Midlands - Wind south, fresh.
South-west to-morrow, probably slight rain to-night, probably showers to-morrow, perhaps thunder, bright periods; warm, close.

N.E. England, S.E. and mid-Southwest - Wind southerly, strong; clouds occasional; rather warm and close.

N.W. Scotland, Orkney and Shetland - Wind south, strong; showers; rather cold. Irish Sea and George's Channel - Sea moderating.

Ireland - Wind westerly, fresh; periods, but showers; thundering.

FURTHER OUTLOOK - Unsettled; showers; occasional rain; moderate temperature.

Sea Passages - English Channel - Sea moderating; George's Channel - Sea moderating.

Lamp-time: 10 41 p.m.
