One of the fairly well backed of the Derby outsiders was Priory Park, a colt owned and trained by Mr. C. Howard, who has a butcher's business in Chichester.—Preceding the Amateur Championship at Westward Ho! the annual international match was played between England and Scotland. England won by the decisive margin of 8 matches to 5. A player missing from the above English group is C. Bretherton.—During the last few weeks His Majesty's colt, Knight of the Garter, has been undergoing a course of salt-water bathing treatment at Great Yarmouth under the care of Herbert Jones, who was formerly the King's first jockey.—Mr. Roger Wethered won both his singles and foursomes events in the International Match at Westward Ho! and subsequently took part, but unsuccessfully, in the Amateur Championship. He was quite recently married to Miss Elizabeth Cavendish-Bentinck, with whom he is seen in the above snapshot.
